# Our Core Values

## Integrity

We believe in doing the right thing, and that we do it for the right reasons. To us, our community of colleagues, partners and clients comes first

## Teamwork

We're a team. Everyone at Cosmetic Creations has an important role. We are loyal, we care, we respect and support each other.

## Passion

We approach all we do with a strong sense of passion. Passion allows us to be brave, determined, resilient and ambitious in everything we deliver.

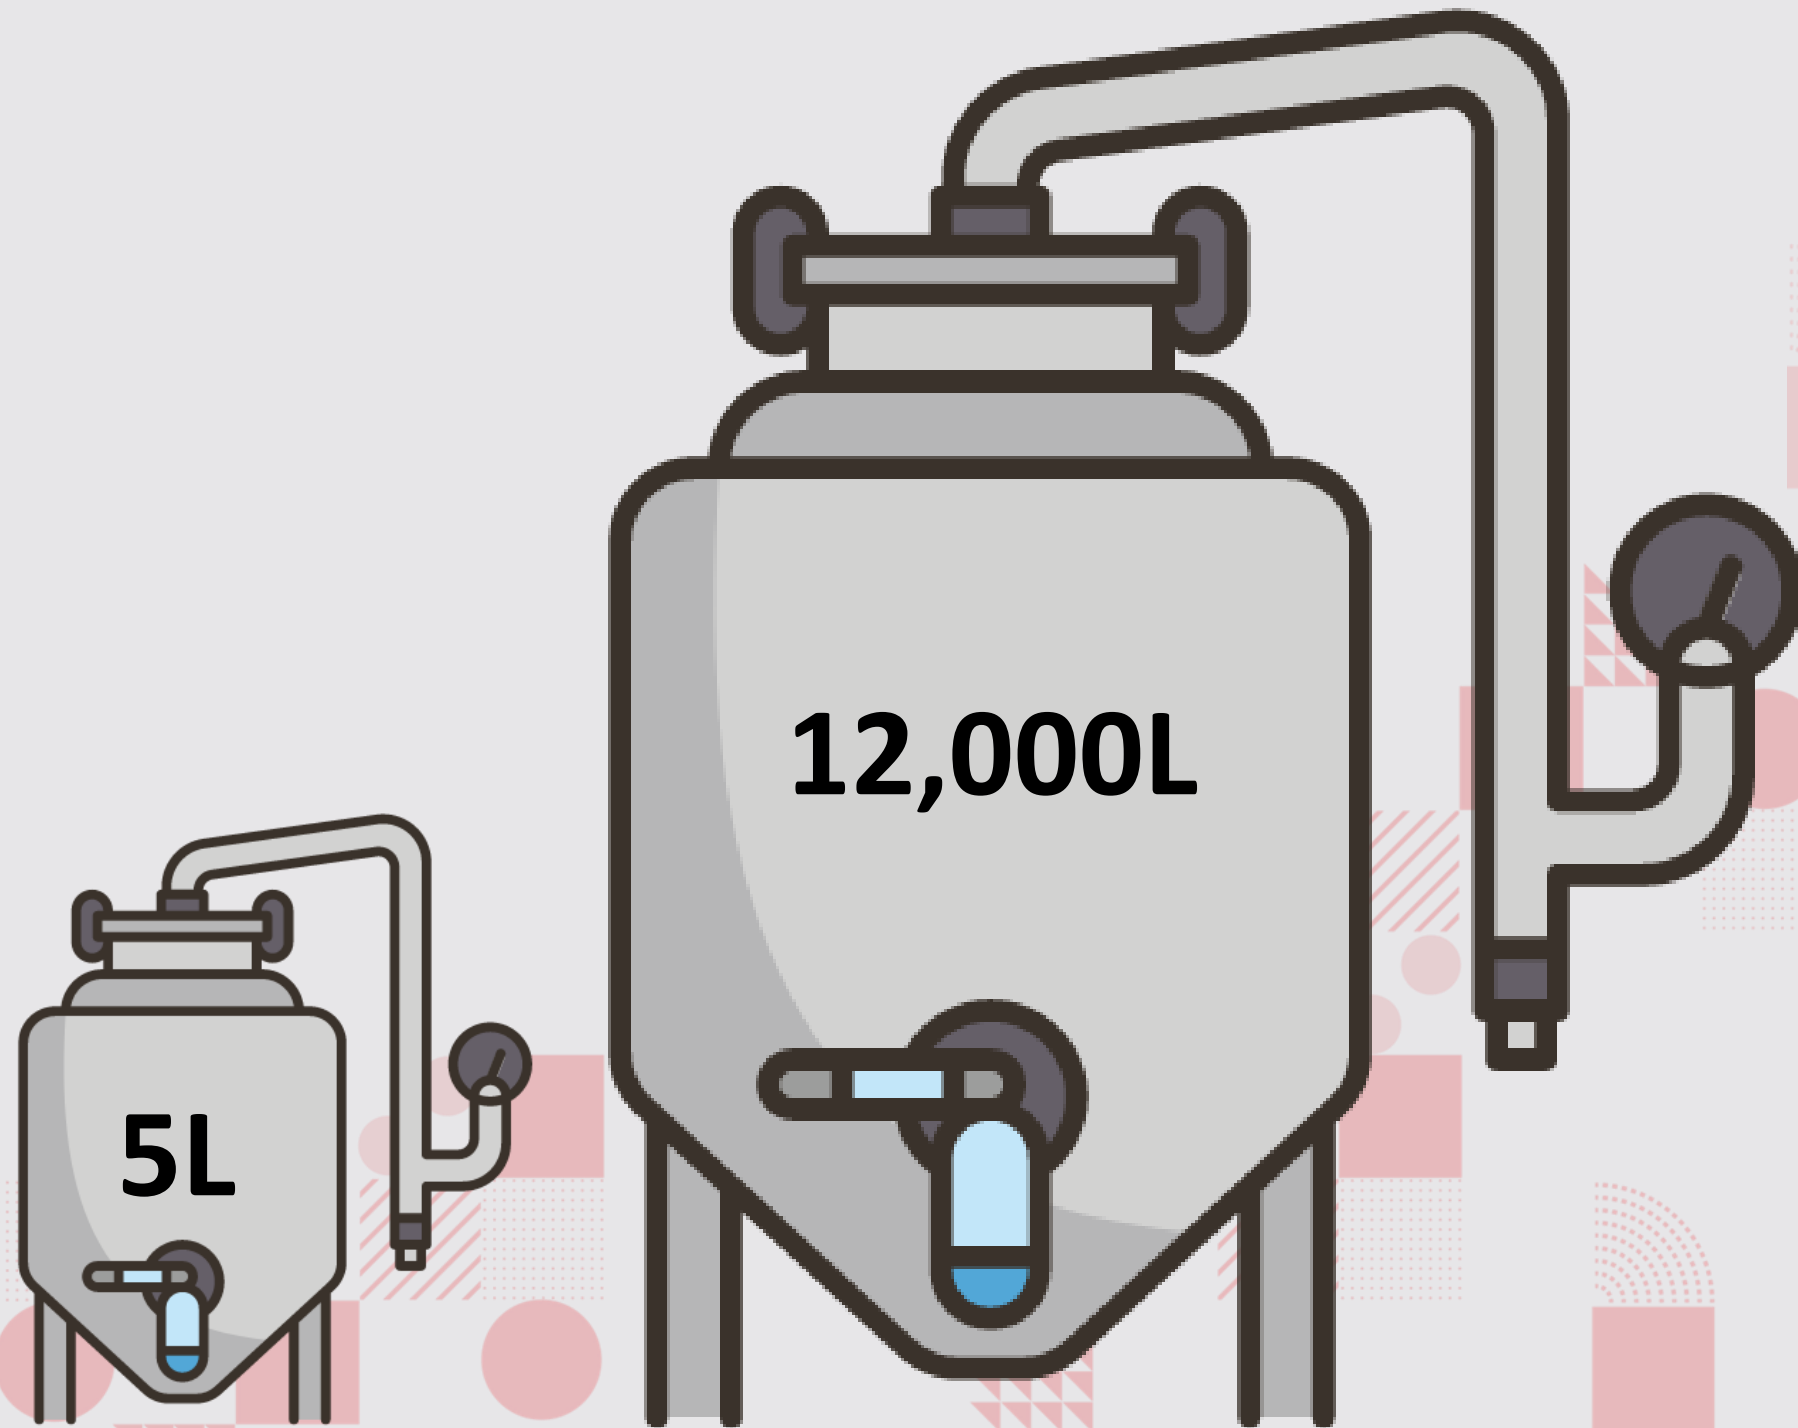

## Agility

We encourage the space for creativity and curiosity, driving us to search for new ideas and to be agile in new ways of working and to approach different challenges with confidence

# Our Manufacturing Capabilities

At Cosmetic Creations, our manufacturing & testing capabilities combined with high volume capacity enables us to deliver large scale production from small batch sizes of 5 litres right through to 12,000 litres in areas of Beauty, Skincare, Health and Wellness, Food Supplements & Animal Health.

Our Sourcing expertise, dedicated infrastructure and focused personnel are a critical competitive asset in our organisation and with a strict adherence to GMP & ISO22716 certified, Cosmetic Creations produces quality assured, reliable products on time and on budget.

# Cosmetic Creations Partnering with *You*

1

## Partnerships

We work with over 20 worldwide brands manufacturing a range of cosmetic, health and well-being products.

2

## Global Sourcing

Purchasing raw materials direct from source allows competitive pricing.  
Strong relationships with a wide range of suppliers, allow us to gain good market intel, and access to new product ahead of competitors

3

## Quality

Testing and quality assurance to follow ISO22716 GMP. Proven ability for large-scale production while maintaining product quality.

In-house Cosmetic Safety Assessor.
